Dear Tom.

I received your letter & will send the check for $50. to Anna the 1st of the month. & will keep it up if I can. If I stop sending it will be because I cant get it. & to send it endangers the ~~whole~~ the permanency of something going. I have no objection to a suit & divorce with the Court fixing the amt of alimony but have no idea in my present condition that he will fix it at $50. pr month. I have not yet paid all my taxes & am threatened with forfeiture of all my charters – I have defaulted on interest. It takes my salary at the bank to pay interest, mainly on you & Tony's debts. & I am getting nothing from the Clabla – it hasn't got it. I put in sewerage here as a necessity & then stopped. The Clabla has no money & over drawn. The season is a failure – we now have only 5 guests in the house. & the season promises to close at a loss. I was at the Bentonville resort hotel the other night
