

## 4<sup>th</sup> Quarter 2018 Minimum Company Standards Guide

### Ladders:

1. Utilizing the aerial, perform a cone and ladder placement drill. With the ladder placed in a stationary position, practice ladder placement by setting out cones and attempting to place the ladder as close as possible without striking the cone.
2. Review the power point on ladders in the MCS folder.

### Self Contained Breathing apparatus

1. Perform the crazy SCBA drill.
2. Practice the 2 minute drill to don your PPE properly

### Fire Fighter Safety and Survival

1. Review various firefighter survival bails. I.e. ladder bails, wall breaching, utilizing tools for improvised anchors etc.

### Fire Suppression

1. Utilizing internet resources for videos and photos, perform size up's, and discuss various tactics for an apartment complex, a commercial structure, and a residential structure.

### Core

1. Research the various chemical based suicide methods
2. Review SOP 613 Excavation and Trench Rescue

### EVO

1. Review the EVO power point as a company, and then take the EVO Quiz on ProProfs individually. All members must turn in the completion certificate.

### SOP Review

Review the following SOP's for the upcoming Company Evaluation.  
201, 305, 409, 507, 509, 510, 511, 514, 515, 616, 612, 643
