

## Rogers Fire Department Minimum Company Standards Form 90 - SOP 142

*The following standards are identified by the Rogers Fire Department as minimum company standards for all personnel. Under the date column, the company officer must date when the skill was completed. The firefighter and the company officer must initial under the appropriate column for each competency demonstrated. By initialing each competency, the company officer is validating all of the requisite knowledge and skills necessary to complete the competency were demonstrated. If the company officer believes that the firefighter needs additional training on a given subject, the additional training / knowledge should be indicated under the remarks. **It is the company officer's responsibility to complete these minimum company standards by June 30<sup>th</sup>, 2019.***

---

### Fire Standards

1. Utilizing recert.com, complete the following courses individually. These courses have been assigned to all members, and have a due date of June 30<sup>th</sup>, 2019.
  - a. Recognizing and Identifying the Hazards
  - b. Forcible Entry
  - c. Preparing for Promotion
2. Utilizing online resources and the **training channel** on your radio, all members should complete multiple size-ups that are broadcast over the radio. This should be done both with and without breathing air from an SCBA. Also utilize the Bluetooth voice amp.
3. Utilizing ground ladders on your apparatus, practice laddering various target heights to gain proficiency in ladder selection and height adjustment. See attached photo for guidance.

### 1410

1. Forward lay from hydrant to attack engine. Supply 1 blitzfire and an aerial device flowing water.

### Core Rescue

2. Review SOP 612 Confined Space Rescue
3. Review SOP 613 Excavation and Trench Rescue

### Ladder Companies

1. All members shall practice ladder placement of the aerial device on at least 9 different buildings throughout the quarter. These buildings should be both in the first and second due FMA's. These buildings should be different than those laddered in the 1<sup>st</sup> Quarter.

### Engine Companies

1. All members shall practice apparatus placement and connection to at least 9 different FDC's throughout the quarter. These FDC's should be at buildings both in the first and second due FMA's. These buildings should be different than those done in the 1<sup>st</sup> Quarter.

*Once members are done with all quarterly standards, the company officer shall utilize the online quarterly standards completion form located at [www.rogersar.gov/tc](http://www.rogersar.gov/tc)*
