## 4. Why did you choose Rogers

The opportunity to serve the community that embraced me as one of its own was my primary motivation to test for RFD.

## 5. What do you love about your job

The best thing about working for the Rogers Fire Department is the opportunity to be a part of a team of people who, while being very different, all share the same goal. Ultimately, the core reason for becoming a firefighter is to provide help for those who need it. We rely on one another in all aspects of our shift, from emergency scenes to training and even chores.

## 6. If you were talking to a friend that's considering working for the RFD, what would you tell them?

RFD is a young and progressive department that continuously strives for excellence. We never settle for “good enough.” Being held to a higher standard means that we train every day. But that training ensures our safety and readiness. Our department has the support of city officials and the citizens we serve, which is not something we take for granted. It is a great department to work for and a great city to raise a family in.
