Policy Number:	118	Volume:	Administration
Approved By:	Tom Jenkins	Last Reviewed:	December 2021
CFAI Reference:	8A.4	CAAS Reference:	106.06.02
Revision Summary:	Created – September 2009 Formatted – May 2012 Updated – May 2016 (Paramedic School Program) Updated – May 2017 (Paramedic Candidate Contract)		

PURPOSE

The purpose of this policy is to establish guidelines for paramedic school selection and attendance. This policy also serves to establish the procedure members shall follow for acceptance into the program.

POLICY

The Rogers Fire Department will utilize the resources of an accredited educational institution to provide paramedic curriculum to its members who pursue paramedic licensure.

All members hired prior to July 1, 2009 may request to attend paramedic school and associated requisite courses.

All members hired after July 1, 2009 are subject to attend paramedic school and associated requisite courses when provided an order from the Fire Chief or Deputy Chief of Special Operations and Training. This order shall be in writing and received by the member at least one year prior to the starting date of the identified paramedic program. This provision shall exist for such members as a condition of employment for ten (10) years from their hire date.

Procedure for Enrollment and Approval

Members who pursue (whether self-initiated or by order of the Department) paramedic licensure, shall submit this request to their supervisor on a completed RFD Form 95.

The member shall submit a Form 95 for each semester they will attend prerequisite courses (e.g. Anatomy & Physiology I/II, Medical Terminology, Pharmacology, Dysrhythmias, and any other course required by the educational institution for admission into the paramedic program). Form 95s submitted for

prerequisite courses shall be submitted no less than four weeks before the first day of class.

Upon completion of prerequisite course the member shall submit a Form 95 for the entire paramedic program. The Form 95 submitted for admission into the paramedic program shall be received no later than the first business day of January immediately preceding the start of the program. The Form 95 must be submitted 120 days prior to the start of the program.

All requests for paramedic school participation will be reviewed by the RFD Command Staff. The disposition of each request will be sent to the requesting member via phone or email. Members selected to be sponsored by RFD in the paramedic program will enter into a formal agreement with the City of Rogers. This agreement shall be presented to the member by the Fire Chief.

The member will be responsible for becoming familiar with, and taking appropriate action(s), for all admission and enrollment practices. The department will not attempt to enroll, or apply for, any program component on the member's behalf.

Each semester, the Administrative Assistant to Special Operations & Training will prepare and deliver necessary documentation to the educational institution and if applicable the bookstore establishing the relationship of the RFD as a third-party payee for the member.

Upon receiving a final letter grade for each class, the member shall submit a transcript to the Deputy Fire Chief of Special Operations & Training. Additional policy regarding training requests is contained in RFD SOP 111.

Contract

Members selected to attend paramedic school must complete a "Paramedic Training Agreement" prior to the first day of class. The most current version of this agreement will cover all stipulations and requirements for both the paramedic candidate and the department.

Tuition: By agreement between RFD and the educational institution, tuition expenses should be directly billed to the RFD. Tuition expenses will be limited to courses directly associated with prerequisites to the paramedic program and the paramedic program.

Books: Members shall check with the Administrative Assistant to SOT for previously used course texts. When necessary, members will purchase books and supporting documents on account at the bookstore. Book expenses should be directly billed to the RFD by the bookstore or selected provider. Upon completion of each course, the member will return their text(s) to the Administrative Assistant to SOT.

Ancillary: Admission requirements vary slightly from year-to-year. Often, vaccinations and tuberculosis screenings are required. Members shall attempt to minimize costs associated with these and other ancillary items. Most common vaccinations, and tuberculosis screening, are available through the Benton County Health Department. Members will not be reimbursed for screenings that are readily available at a lower cost without prior approval.

With proper documentation, some costs may be paid for by the member and submitted for reimbursement in accordance with RFD SOP 152.
